Phones: cell +1 403 9783917

OBJECTIVE

To apply my accumulated knowledge, skills, and abilities to serve in the field of medical transcrip.

Education

- | | |
|------------------------------------------------------------------------------------------------------|--------------------|
| Fellow of cardiac electrophysiology , University of Calgary | Jul,2011- Dec.2011 |
| PhD in Critical Care Medicine Cairo University | Nov 1998 |
| Dissertation: Monophasic Action Potential Recording In Patients with Ventricular Tachycardia | |
| Master of Cardiology Cairo University | Nov 1991 |
| Thesis: Nitoglycerine Infusion vs. Thrombolytic Therapy in Patients with Acute Myocardial Infarction | |
| Mb.B.Ch (Honors) Cairo University | Nov 1985 |

PROFESSIONAL & INTERNSHIP POSITIONS HELD

- Professor of and the clinical coordinator at department of critical care medicine. Cairo university hospitals. Jan 2011-present
- Fellow of cardiac electrophysiology, University of Calgary,Canada. Jul,2011- Dec.2011
- Consultant cardiology and intensive care, Babtain cardiac center, Dammam ,Saudi Arabia. May 2005- May 2011
- Saudi Arabia

- Assistant Professor of critical care medicine Cairo University Hospital, Egypt Dec. 2003 – May 2005
- Electrophysiology Fellow St Ambrogio Hospital,Milan, Italy, Jun 2003 – Nov 2003
- Senior Electrophysiologist & Lecturer of critical care medicine Cairo University Hospitals, Egypt May 1993 - May 2003
- Resident, Critical Care Center Cairo University Hospital, Egypt Jul 1987 – Dec 1991
- Rotating Internship Cairo University Hospitals, Egypt Mar 1986 – Feb 1987

PROFESSIONAL COMMUNITY INVOLVEMENT

- | | | |
|---------------|-------------------------------------------|------------|
| Member | Egyptian society of Cardiology | Since 1991 |
| Member | Egyptian Cardiac Rhythm Association(ECRA) | since 1996 |

Member	European society of Cardiology	Since 2001
Member	The American Heart Rhythm Society (HRS)	Since 2005

PROFESSIONAL PROFICIENCIES

- Management of all kinds of medical emergencies.
- Performing invasive diagnostic and therapeutic ICU procedures such as Swan-Ganz Catheterization & Temporary Pacing and percutaneous dilational tracheostomy.
- Facilitating and interpreting Holter Monitoring, Exercises ECG and Echo Cardiography
- Performing diagnostic coronary angiography.
- Implantation of permanent pacemakers including Bi ventricular PMs (resynchronization therapy) for heart failure patients.
- Conducting non-invasive electrophysiologic tests such as T-wave alternans, QT-dispersion, Head Up Tilt table Test
- Implanting Cardioverter Defibrillator (ICD) and interpreting device therapy and follow up outcomes.
- Performing Electrophysiologic Studies Including Tachy. Arrhythmias Diagnosis and RF-Ablation (AVRT, AVNRT, ATRIAL FLUTTER & TACHYCARDIA, V.TACH.)
- Conducting RF-ablation of paroxysmal atrial fibrillation (PULMONARY VEIN ISOLATION) using Lasso catheters and CARTO ,NAVX systems

TEACHING POSITIONS HELD

Professor	Cairo University	April 2009 – Present
Assistant Professor	Cairo University	Apr 2004 - Apr 2009
Lecturer	Cairo University Hospital	Apr 1999 – Present
Assistant Lecturer	Cairo University Hospital	Dec 1992 – Mar 1999
